Two leaders unavailable before payroll

Fictional exercise material. Public participant information only. These documents support preparation; they do not establish live application voting rules or reveal future events.

Maple Reach Neighbourhood Services

T03-ORG

Fictional organization for software testing. Anika is executive director. Morgan is deputy director. Priya is program director. Sam is finance manager. The board uses the common three-person exercise rules.

Emergency leadership plan

T03-SUCCESSION:SUCCESSION-1

The board may activate a temporary appointment through its exercise voting procedure.

T03-SUCCESSION:SUCCESSION-2

The order of candidates is Morgan, then Priya. If neither is available, the board must choose and document an alternative; this document supplies no automatic third candidate.

T03-SUCCESSION:SUCCESSION-3

Appointment requires acceptance by the candidate.

T03-SUCCESSION:SUCCESSION-4

An acting director can approve ordinary operational spending up to CAD 2,000. Larger commitments require board approval.

T03-SUCCESSION:SUCCESSION-5

The board reviews the temporary arrangement on the next business day. No owner for that review is specified.

T03-SUCCESSION:SUCCESSION-6

No handover or cross-training record is attached.

Payment access rules

T03-ACCESS:ACCESS-1

Payroll release needs two distinct authorized staff approvals: Sam and either the ED or an approved acting director.

T03-ACCESS:ACCESS-2

Appointment alone does not provision payment-system access. Finance must submit the recorded appointment to the provider.

T03-ACCESS:ACCESS-3

Using another person's credentials is not an allowed substitute. No emergency provider contact is listed in this document.

Temporary leadership notice

T03-COMMS:COMMS-1

The board must identify who tells staff and key partners about the temporary arrangement. No named owner is supplied.

Facts and exercise rules

Opening update

T03-STATUS:STATUS-1

The executive director is unexpectedly unavailable today.

T03-STATUS:STATUS-2

Payroll authorization is needed by exercise minute 9.

T03-STATUS:STATUS-3

Morgan's availability and Priya's availability have not yet been confirmed.

Shared participant instructions

1. Three human roles: Arjun = chair; Jeff = treasurer; Ricardo = service-continuity board member. Replace display names as needed while keeping stable participant IDs.

2. A board action needs two explicit affirmative votes from eligible, non-conflicted members and a chair confirmation in the application.

3. A conflicted participant may supply requested facts but cannot vote on or approve the matter involving their conflict.

4. The chair has one vote and no special tiebreak power in these fixtures.

5. A participant's proposal or verbal assent is evidence for a draft. The server records the actual votes and authorized confirmation.

6. "By exercise minute 7" is a scenario deadline; it is not a legal or insurance deadline.

7. Unknown information stays unknown. Requests outside the authored scenario receive "That information is not available in this exercise" and can be recorded for follow-up.

8. Real sources are preparation/reference material. Only released fictional documents and events establish facts about the simulated organization.

9. No fixture needs emotion prediction. The climate observer can respond to explicit requests for clarification or a pause.

Reference scope: this is a preparation pack, not a fully implemented timed scenario. Unknowns remain unknown. Use page numbers and clause IDs when citing evidence.
